# Metallic Marble Stairs

Black and white stairs, especially when finished with epoxy, offer a striking and timeless aesthetic suitable for various interior styles.

The contrasting colors create a visually appealing focal point, and epoxy provides a durable and sleek surface. There are many design options, from simple two-tone marble stairs to more elaborate patterns using epoxy techniques.

# My First Metallic Floor

This is my first Metallic flooring project. We wanted something that was going to be durable and easy to maintain, so we put down this epoxy flooring. I love it! It looks fantastic.

## Metallic Floor

₹ 300/sq-ft

This is a guest bathroom remodel I completed last year. I made the "quartz" vanity top with 3/4" Board and melded white dye and white metallic epoxy. The top turned out so nice I decided to remodel the whole bathroom with new paint, lights, sinks, and a metallic epoxy floor.

After grinding the tile, I rolled on a primer then poured to level the floor. I followed that with a 1 primer epoxy coat and then a 3 color coat with metallic white base and metallic Blue & Black accent colors. It has been over a year and it still looks great. The entire remodel cost less than

# About Of Crystal Clear Epoxy

Crystal clear epoxy flooring offers a seamless, glossy finish that enhances the appearance and durability of concrete surfaces. It's a two-part epoxy system that creates a strong, protective layer, often used for its aesthetic appeal and resistance to wear and tear. This type of flooring is known for its smooth, glass-like appearance and is customizable with various colors and effects.

**390/sq-ft**

## Key Characteristics of Crystal Clear Epoxy Flooring:

- **Aesthetics:**
- The high-gloss, reflective finish creates a sleek, modern look, and can be customized with various colors and designs, including metallic pigments for a unique, sparkling effect.
- **Durability:**  
Epoxy forms a strong, durable barrier that is resistant to impacts, scratches, and chemicals, making it suitable for high-traffic areas
- **Water Resistance:**
- Epoxy is highly resistant to water and moisture, preventing damage from leaks and spills.
- 
- **Easy Maintenance:**
- The smooth, seamless surface is easy to clean and maintain, with low dirt retention.
